Recommendations	Response to recommendations	Evidence of revised documentation presented. Attachment, Link to module etc.	Outstanding issues
1. The panel noted the reference to NZEB in the Building Surveying (SURV07014) module. The panel recommends emphasising NZEB more in marketing of the programme as it is potentially an attractive element of the course.	The CMS section of the programme has been updated to include extra wording on this content	AMM SURV07013	None, closed

Conditions	Response to Conditions	Evidence of revised documentation presented.	Outstanding issues

	Attachment, Link to module etc.		
<p>1. Include content on Site setting out in Site management CONSO7048.</p>	<ul style="list-style-type: none"> • Site management CONSO7048 includes existing wording in the modules description & syllabus to accommodate the additional required setting out content to meet this condition. Surveying; the use of total stations & GPS & Setting out content will be increased in this module to meet this condition. • Content on surveying was already being taught within the existing Site management CONSO7048 module under these items in the Indicative syllabus; <ul style="list-style-type: none"> ○ Resources - materials, control, monitoring, waste minimisation, lean construction, plant and equipment, acquisition, maintenance, safety. ○ The construction process, site classification, site layout, organisation and efficiency, security and environmental issues • This was agreed by validating panel as sufficient to meet the condition, thereby negating the need to re-write a module that is common with the BSc in Construction Management course. 	AMM CONSO7048	None, Closed
<p>2. Remove the 'r' from the other resources / additional information / online resources in the programme documentation for both programmes and include information as relevant.</p>	<p>Programme documentation has been updated to meet this condition</p>	AMM updated	None, Closed
