## Study Hours

At ATU Sligo, the types of attendance for our online courses are categorised as part-time online, blended or full-time online.

- **Part-time online courses schedule live lectures and these usually take place in the evening time.**
- **Blended learning is offered where students may be required to attend labs or workshops, combined with online lectures.**
- **Full-time online courses are available through the CAO for students who wish to earn a degree but are not able to attend campus.**

Whether you are studying part-time online, blended or full-time online, it is very important that you allocate enough study time to your online course to stay focused, reduce stress and achieve your goals. For part-time online or blended learning, it is recommended that you should try to allow for 5-6 hours per week per 5 credit module to your studies. Most online courses typically involve 3 x 5 credit modules per semester which leads to an average 15 – 18 study hours per week. Our online courses have about 3 hours of live lectures per week (but this can vary per programme). The rest of your study time consists of independent learning, communicating with your lecturers and classmates and carrying out assignments.

Live lectures normally take place between 6pm and 10pm, Monday to Thursday but this may vary depending on the availability of specific lecturers. If the scheduled times for the live online lectures do not suit you, recordings will be made available through Moodle.

**NOTE:** You may be required to take some time off work for the below:

### Exams

Christmas Exams: 2 – 4 days in January each year.  
Summer Exams: 2 – 4 days in May each year.

### Workshops/Practical Classes

Approximately 2 - 4 days per year depending on the course you are studying. You will receive notification of the dates from your lecturer for each specific subject requirement.

## Moodle

Moodle (Modular Object-Oriented Dynamic Learning Environment) is the learning management system you will use to access much of the learning resources during your studies at ATU Sligo. Every student has a Moodle account personalised to their programme of study and active use of your account is important in preparing you for success.

The programme in which you are studying will be made up of modules and you will be able to study each module through Moodle. All modules will have their own section on Moodle which you can select from a menu. Here you will be able to find lectures, notes, assignment briefs, communication forums, reading lists, resources and much more. Each module will be broken down into teaching weeks and each week will have a link to lecture notes, resources, reading materials etc.

Depending on your timetable, you may have live lectures to attend each week via Live Classroom. If you cannot attend a live lecture, a recording of the lecture will be made available to you on Moodle.

---

### WHEN WILL YOU GET ACCESS TO MOODLE?

The personalised content to reflect your course of study will become visible on Moodle 24 hours following the completion of registration with ATU Sligo. This normally takes place between August and September. Access to individual study modules on a specific programme is controlled by the lecturer or Course Coordinator who may be editing/updating the content prior to actual delivery. Moodle can be accessed through the link below or please visit the 'Student Portal' section on the ATU Sligo website.

Link to Moodle - [www.atu.ie/sligo-moodle](http://www.atu.ie/sligo-moodle)

Your Moodle username is your student email ([studentnumber@atu.ie](mailto:studentnumber@atu.ie)).

Your password is the same as your ATU Sligo login.

## Live Classroom

Our live classroom is a virtual learning platform for online learners to access, watch and interact with lectures.

---

### HOW TO ACCESS THE LIVE CLASSROOM?

Access for your live classroom will be available from your module page on Moodle. At ATU Sligo, we use a software called 'Adobe Connect' for delivery of live classes and/or 'Microsoft Office Teams' depending on the individual lecturer. No matter which software your lecturer chooses to use, a link to your live lecture will always be placed on each module page in Moodle.

Please use the test links provided to make sure that your PC or laptop is set up correctly, particularly your audio. This will ensure you can hear the lecturer speaking prior to any live class. Please note, you will need to download 'Adobe Connect' prior to your first lecture. For instructions on how to do this, please visit - [www.atu.ie/sligo-online-digital-learning](http://www.atu.ie/sligo-online-digital-learning)

---

### HOW TO ACCESS RECORDED LECTURES?

All live lectures will be recorded and uploaded to your module Moodle page. These will be stored under the relevant learning week and will remain here until the end of semester/year. Lecturers will also add links to any resources or reading material that may be relevant to that live lecture or topic.

At ATU Sligo, some lecturers use a software called Panopto to record live classes. If you are unable to attend a live class, you can view the recording at another time that suits you. If your lecturer records your class, the recording will most likely be stored in the 'Panopto block' on the top left-hand side of each of your Moodle module pages. The main benefit of Panopto is that it enables downloading of live class recordings to different devices for your study. All recorded classes will be stored under 'Completed Recordings'. If your lecturer records your class using Microsoft Teams, you will find the recording in your Teams channel for that class.

If you need further assistance on any of the above, IT Services helpdesk will be able to help you - [www.atu.ie/sligo-helpdesk](http://www.atu.ie/sligo-helpdesk)

---

## Laptop & Equipment

As an Online Learner, you will need to have access to a PC or laptop that is connected to the internet. Your PC or laptop should have speakers. Access to a web camera is beneficial for engaging with lecturers and peers, but not essential.

Many students opt to use headphones for listening to live or recorded lectures, but again this is optional. Once you have an internet connection, all the applications you need for accessing lectures, the library, course materials and submitting assignments are web-based.

## Reading Materials

During your studies at ATU Sligo, your lecturer may recommend reading materials to help and assist you with assignments, projects etc. As a student of ATU Sligo, you will have online access to the Yeats Library as well as being able to visit the Library on campus.

For online access to the Yeats Library go to this link: <https://www.atu.ie/library>, then click on **ATU Sligo**.

The EOLAS search provides a facility to search our collection of print and electronic books and journals. There is also a separate Online Catalogue to search our print book collections. To facilitate online students there is a postal loan service for print books.

When accessing Yeats Library online, you may be prompted to login using your ATU Sligo email address (studentnumber@atu.ie) and ATU Sligo password.

## Assessments & Assignments

Exams and assessments are a necessary part of college life. The types of assessments will vary by course and even by module, but each module will have assessments or assignments built in to evaluate your learning within that semester.

At the beginning of each academic year or semester, your lecturer will outline the assessments you will need to complete through Moodle. Types of assessments can vary but can take the form of report writing, presentations, open book exams, essays and practical assessments including workshops and laboratory sessions. All assessments will be either individual or group structured assignments meaning that you will have to complete the work yourself or in a group scenario.

## Examinations

While continuous assessment occurs throughout modules, many modules also have scheduled exams at the end of each semester. The methods of assessment can be found on the module links on the course web pages on our website.

Please visit the following link for further information on exams: [www.atu.ie/sligo-examinations](http://www.atu.ie/sligo-examinations)

For students who have end of semester examinations, you will be required to attend an exam centre in Sligo, or an alternative exam centre may be offered in Dublin or other venue subject to availability. Students based outside of Ireland, or within Ireland on a case-by-case basis, may be able to avail of remote proctored examinations and should contact the Examinations Office for further information on this service at [examinations.sligo@atu.ie](mailto:examinations.sligo@atu.ie) or call **071 9137317**.

Students with a disability, requiring extra time or other specific accommodations, please contact [learningsupport.sligo@atu.ie](mailto:learningsupport.sligo@atu.ie)

---

### EXAMINATION TIMETABLES

Examination timetables are posted on the website at ATU Sligo Examination Timetables and updated on a regular basis. Please check details regarding your examinations yourself as timetables are provisional and subject to change daily.

### DEFERRAL OF EXAMINATIONS

- Information on the procedure and the timescale for applying for a deferral is available at [www.atu.ie/sligo-examinations](http://www.atu.ie/sligo-examinations).
- Incomplete applications will not be accepted. The submission of third-party substantiating evidence is mandatory and must be in date. (E.g. Medical certs must be current, and date stamped by G.P.).
- You must list every individual module you are requesting an exam deferral for and ensure that you have the correct module code and module title listed.
- A deferral for a booked holiday will not be considered as the dates of the exam periods are published at the beginning of the academic year and are available on our academic calendar: [www.atu.ie/sligo-academic-calendar](http://www.atu.ie/sligo-academic-calendar).

Students who are awarded a deferral of examination subject/subjects are automatically registered for the next appropriate examination session by the Examinations Office.

There is no fee for applying for a deferral, however you will be charged to register for the repeat sitting of the module which is €50 per semester (regardless of the number of modules). This fee must be paid by the student via their student account.

Read more about deferral of examinations here: [www.atu.ie/sligo-examinations](http://www.atu.ie/sligo-examinations)

---

---

## EXAMINATION RESULTS

Examination results for all exam sessions are released to your student account as per the dates on the academic calendar. Please visit the link below for further information:

[www.atu.ie/sligo-examination-results](http://www.atu.ie/sligo-examination-results)

Results will not be released if there are fees outstanding. All transcripts will be released by Digitaly CORE and students will be advised of the release dates by email to their ATU Sligo student email account. It is important to regularly check this email account. You can access Digitaly Core here: <https://core.digitary.net/#/user/register>

Following the issuing of exam results, feedback days are provided to allow students to discuss results with their lecturer - these are an important opportunity for students to receive feedback to help them prepare for the next semester or possibly repeat assessment and should be availed of.

---

## REPEAT EXAMINATIONS/PROJECTS/FINAL ASSESSMENTS

If, after checking their examination results, a student has a failed grade for one or more modules, they must register to repeat any failed element – examination, project and/or continuous assessment, at the next available sitting. This registration is completed via the student self-service student account.

For further information, please visit the examinations webpage: [www.atu.ie/sligo-examinations](http://www.atu.ie/sligo-examinations)

Please note, that you must complete the necessary forms to officially defer or withdraw from your course, a semester or some modules. It is not recorded on your student account if you just tell your Lecturer or Course Coordinator.

Failure to do so may cost you money:

## Fees & Funding

---

### SELF-FUNDING STUDENTS

This covers students who opt to pay fees directly to ATU Sligo. On receipt of a formal offer of a place, students are requested to pay a booking deposit of €250. To secure the place on the course, the deposit must be paid within 2 weeks of receiving the offer. The deposit is non-refundable and is deducted from the total course fee. Due to the popularity of many online courses, if deposits are not paid within the timeframe, ATU Sligo cannot guarantee a place will be reserved on the course.

---

### EMPLOYER FUNDED STUDENTS

An employer may assist in part or fully fund the course fees. In this case, applicants must request that their employer completes an Employer Invoice Request Form and return this to ATU Sligo for processing. The employer is then invoiced for the participants fees. These fees can be the full programme amount or partial fees agreed directly with the student. We recommend applicants indicate on their application form if they will be employer funded. It is particularly important that fees are paid in a timely manner as failure to do so will result in loss of Moodle access, withholding of exam results and or preventing a student from graduating or receiving their parchment.

## Access Office

### ACCESS OFFICE

**Linda McGloin**

**E: [linda.mcglain@atu.ie](mailto:linda.mcglain@atu.ie)**

The role of the Access Office is intended to encourage and support categories of students who have not been traditionally represented in third level education to make the transition to third level education and to participate fully and progress within their course of study. Specifically, these are students with disabilities, those from disadvantaged backgrounds and mature students.

Appointments with Linda are by prior arrangement only and she will provide you with details on how to find her.

### DISABILITY OFFICER:

**E: [disability.sligo@atu.ie](mailto:disability.sligo@atu.ie)**

### Students with Disabilities

ATU Sligo's Disability Service is here to support and assist students with a Disability, Mental Health Condition or Significant Ongoing Illness. We have developed a clear student-led service that will work with you as you transition through ATU Sligo and into employment.

The supports we offer are designed to enable you to work through the demands of university and be ready for the world of work. It is very important that every student with a disability register with the Disability Office at the beginning of first year and makes contact at the beginning of each subsequent academic year. To disclose a disability or to discuss issues of concern, students can make an appointment by emailing [disability.sligo@atu.ie](mailto:disability.sligo@atu.ie).

### ASSISTIVE TECHNOLOGY OFFICE:

**E: [assistivetechonology.sligo@atu.ie](mailto:assistivetechonology.sligo@atu.ie)**

Assistive Technology (AT) refers to any tools, devices, applications or features of applications that can assist or help you with your academic work. Assistive Technology may be used by a person with a disability to perform specific tasks, improve functional capabilities and progress towards maximum independence. The AT service at ATU Sligo provides ongoing support and information around the use of technology and how to adapt it to study and learning in 3rd level education.

Our aim is to ensure that technology matches your needs and environment.

## Assistive Technology supports include:

- Matching person to technology assessment.
- Assistance in selecting appropriate technology to maximise productivity and independence.
- Individual and group training in assistive technology to students.
- Ongoing AT support for students, lecturers, college staff, other educational bodies and potential employers.
- If you feel you have specific requirements in the use of Assistive Technology, you can ask your Disability Officer or Learning Support Tutor to make an appointment with the Assistive Technology Officer or email the Assistive Technology Officer for a full assessment at [assistivetechonology.sligo@atu.ie](mailto:assistivetechonology.sligo@atu.ie).

**The Assistive Technology Room** is available exclusively to students who have disabilities registered with the Disability Service. The room offers a range of equipment available to support the student with a disability in their studies. There are also printing facilities available. Access to the Assistive Technology Suite is provided only through the Disability and the Learning Support Service and it is located upstairs in the Student Centre (H Block), at the top of the stairs, room number: **H1002**

## LEARNING SUPPORT SERVICE:

**Andrea Rynn**

**E:** [learningsupport.sligo@atu.ie](mailto:learningsupport.sligo@atu.ie)

As part of the Access Office, the Learning Support Service provides learning support to students who have a specific learning difficulty such as dyslexia or dyspraxia.

Students who have a prior diagnosis should contact the Learning Support Tutor early in the academic year to discuss their individual needs and devise their LENS (Learning and Educational Needs Summary), which students can share with their lecturers.

There are many supports provided by the Learning Support Tutor to qualifying students including referral to the Assistive Technology Support Service for technological aids and specialised software. In addition, we assist in the organisation of pre-approved reasonable accommodations at end of term examinations, and with student consent, we liaise with relevant staff to ensure that students achieve their full potential at ATU Sligo.

Dyslexia screening can also be arranged for students who suspect they may have dyslexia and if necessary, referral for a psycho-educational assessment can be arranged. For further information or to arrange an appointment, please e-mail [learningsupport.sligo@atu.ie](mailto:learningsupport.sligo@atu.ie)

The Fund for Students with Disabilities is funded by the Irish Government and co-funded from the ESF Programme for Employability, Inclusion and Learning

(PEIL) 2014 -2020

### **Fund for students with disabilities**

The purpose of the Fund for Students with Disabilities, which is administered by the National Office for Equality of Access to Higher Education, is to provide resources to higher education colleges for the delivery of key services, reasonable accommodations and supports for learners with disabilities on full-time courses. The Fund aims to support the personal, educational and professional development of the participating learner and contribute to the achievement of their full potential. Following a successful application, funding is given to ATU Sligo for the purchase of supports such as specialised equipment, materials or technological aids, targeted transport services, sign language assistants/ interpreters and personal assistants.

Equipment purchased through this fund remains the property of the college and is given on loan to the student for the period of their studies at the Institute. The closing date for this fund is early in the academic year and this is one of the reasons why it is important to make contact with the Disability Officer or Learning Support Tutor at the commencement of the college year.

## INCLUSION SUPPORT WORKER:

**Linda Mulligan**

**E: [inclusionsupport.sligo@atu.ie](mailto:inclusionsupport.sligo@atu.ie)**

### **Autistic Students**

The **Inclusion Support Service** offers neurodiversity-affirmative support to autistic and other neurodivergent students who are registered with the Disability Service in ATU Sligo.

We understand that autistic and neurodivergent students experience unique challenges at university, while also possessing their own unique strengths and talents. In one-to-one sessions with the Inclusion Support Worker, students are encouraged to build on their strengths, to be aware of their needs, and to identify ways to effectively advocate for themselves. Students are supported to develop key skills in areas such as self-advocacy, organization, and time management, where needed. Of course, university is more than just academics, so the service also facilitates group activities such as the autistic Ambassadors' group, study buddy service, and Neurodiversity Society, to provide more opportunities for students to make authentic connections with their peers.

The Inclusion Support Service can also arrange an autism screening for students who suspect they may be autistic. If necessary, a referral for psychological assessment can be arranged at no cost to the student. To learn more about autism screening, assessment, or about supports for autistic students, contact **[inclusionsupport.sligo@atu.ie](mailto:inclusionsupport.sligo@atu.ie)** or visit our website.

Prior to your first visit, please complete the Registration Form on our ATU Sligo Student Health webpage at [www.atu.ie/sligo-health-services](http://www.atu.ie/sligo-health-services)

### How the Service Operates

The Student Health Service is a nurse-led service. All students must first be assessed by the Nurse and those requiring referral to the Doctor will be given an appointment for the medical clinics, which are also based in the Student Health Centre. The service is not intended to replace your own GP.

Students with a chronic condition, disorder or disability which may require

specific support or monitoring are advised to make themselves known to the Student Health Service as soon as possible after registration so individual care needs can be assessed.

### Fee

The Health Service is available without charge to all registered students throughout the academic year. However, students who are late for their appointment or do not attend without cancelling will incur a fine of €20 and will not be issued with another appointment until the fine has been paid in the Students' Union Shop.

### Sick Certification

The Student Health Service has stringent guidelines on the issuing of sick certs.

- Certification will only be issued by the Student Health Service if absence from college is medically recommended.
- No backdated certs will be issued.
- If you have been treated by your own GP/ Emergency Department, they should issue the medical cert.

### Advice for using the service

- Be aware that accidents and medical emergencies will always be given priority.
- Remember to call/email early to make an appointment as appointments book up quickly. We operate on "a first-come first-served basis".
- Remember to contact the nurse by email for repeat prescriptions at least 1 week before your prescription is due to be renewed.

- Please let us know at least 2 hours ahead if you cannot keep your appointment with the Doctor. Students who fail to do so will be fined €20.
- All prescriptions will be sent electronically to your nominated pharmacy.

With this in mind, a comprehensive procedure for students to make a complaint about services provided by ATU Sligo has been developed. Please view [www.atu.ie/sligo-documents-services-complaint-procedure](http://www.atu.ie/sligo-documents-services-complaint-procedure)

If a student with a complaint (the complainant) is unsure at any stage of the procedure about who to consult, advice can be sought from any of the following:

- **The Student Support Services Officer, [studentsupport.sligo@atu.ie](mailto:studentsupport.sligo@atu.ie).**
- **The Students Union, [support@atusu.ie](mailto:support@atusu.ie).**
- **A Head of Department or a Head of School.**
- **A Programme Chair.**
- **Online Student Advisor (for online students).**

The student bringing a complaint under this procedure has the right, in the procedure to seek assistance or to be accompanied during any stage of the process by a member of the ATU Sligo Students' Union, a fellow student or by a member of ATU Sligo staff. Other representation will not normally be allowed.

Following this procedure, if the student feels that they have been unfairly treated or are not satisfied with the decision on the complaint, it is available to them to contact the Office of the Ombudsman. By law the Ombudsman can investigate complaints about any of ATU Sligo's administrative actions or procedures as well as delays or inaction in dealings. The Ombudsman provides an impartial, independent and free dispute resolution service.

### Complaints about student behaviour

In the same way, complaints can also be made about the behaviour of any student by another student, staff member or member of the public concerning breaches of the ATU Sligo Student Code of Conduct. All complaints about a student(s) made under the Student Disciplinary Procedure will be dealt with seriously and fairly in a professional manner.

Serious complaints made under the Student Disciplinary Procedure will be assessed by the Student

Disciplinary Committee with due and fair consideration to all parties involved. The Student Disciplinary Committee has 10 members proposed by the Registrar and approved by the Academic Council, 3 of whom are student nominations by the executive body of the Students' Union.

No student will be disadvantaged for making a complaint in good faith. If, however, after investigation, a complaint is suspected to be malicious, such suspicion may be investigated under the terms of the Student Disciplinary Procedure.

## Data Protection

In order to achieve the mission of the University and fulfil our statutory obligations we create, gather, store and process large amounts of data on a variety of data subjects such as on students (both potential, current and former), staff, third parties and members of the public. Our use of personal data ranges from CCTV footage, to the processing of student's details throughout their journey, from application to graduation.

Our Student Privacy Notice explains how the University collects, uses and shares your personal data, and your rights in relation to the personal data we hold. The privacy notice concerns our processing of personal data of past, present and prospective students of the University. It is available at [www.atu.ie/sligo-student-data-protection](http://www.atu.ie/sligo-student-data-protection)

## Filming and Photography

Occasionally the ATU Sligo Marketing Department commissions filming and photography on campus for promotional purposes. On these occasions signage will be erected in the public areas to alert students and staff that filming and/or photography is taking place. We ask students if you do not wish to appear in the background of any recording, please do not enter this area at these times. Any student directly participating in a photoshoot will be asked to give their written consent for images to be used in the promotion of ATU Sligo, i.e., prospectus, website, social media. Students who have an interest in Marketing, Media or PR or would like to gain valuable work experience for their CV e.g., event management or social media marketing should contact the Marketing Office, [marketing.sligo@atu.ie](mailto:marketing.sligo@atu.ie).

Opportunities are also available for paid Student Ambassador work.

ATU Sligo is a body established for a public purpose and thus falls within the scope of the Freedom of Information (FOI) Act 2014. Under the FOI Act, anyone is entitled to apply for access to records held by ATU Sligo which are not otherwise publicly available. While the main objective of the Act is to promote a culture of openness, transparency and accountability in public bodies, it is sometimes necessary to exempt certain types of records from release.

ATU Sligo makes personal records available to individual students by arrangement and having regard to privacy, confidentiality and the well-

being of the requester in the case of health records. Applications must be made in writing to the relevant section e.g. health service requests can relate to:

- Records held by ATU Sligo.

A valid request must state that it is made under the FOI Act 2014; it must provide enough detail to enable the records to be identified; and it must specify the preferred form of access. For more information please see <https://www.atu.ie/freedom-of-information>

## Students with criminal convictions

In accordance with the ATU Sligo Policy regarding Applicants with Criminal Convictions, students are obliged to notify the Student Affairs Manager of any criminal convictions that they may have. A student with a criminal conviction should note that their conviction could affect their ability to secure placement on relevant courses.

As a result, the University accepts no responsibility for students who are unable to complete their studies.

Please note that the University reserves the right to review participation of any student who has or who gains a criminal conviction on any of its programmes. For more information, please see ATU Sligo Criminal Convictions Policy at [www.atu.ie/sligo-documents-fitness-to-practice-policy-procedure](http://www.atu.ie/sligo-documents-fitness-to-practice-policy-procedure)

## Garda Vetting of Students

ATU Sligo offers a number of programmes that require students to undertake placements with external agencies, which will bring them into contact with children and/or vulnerable adults and in which they will assume positions of public trust.

To meet ATU Sligo's obligations under the Acts, registration on these programmes is conditional on students successfully clearing the Student Vetting process. To this end, it is necessary for ATU Sligo and the organisation accepting the student's placement to ensure a vetting

disclosure is obtained from the National Vetting Bureau (NVB) for every student who is to take part in such a placement. ATU Sligo will usually have responsibility for obtaining the vetting disclosure and sharing the outcome with the placement provider concerned.

ATU Sligo reserves the right to request any student to undergo the University's Garda Vetting procedures. Any student who may be dealing with children and other vulnerable groups may be requested to undergo Garda Vetting even where this is incidental to participation in the programme concerned. Students holding positions of trust (Class reps, Peer Mentors, Officers of Clubs and Societies) may be subject to Garda Vetting so that only suitable candidates will be allowed take up such positions. Students applying for admission to the college who have a criminal conviction should notify the Student Affairs Manager in advance in accordance with the provisions of the ATU Sligo Criminal Convictions Policy. Students who fail to do so may encounter difficulties further into their studies that may prevent them from being able to achieve the learning outcomes for their chosen programme. For more information please see ATU Sligo Student Vetting at [www.atu.ie/sligo-documents-student-vetting-procedure](http://www.atu.ie/sligo-documents-student-vetting-procedure)

## Sexual Harassment and Violence

ATU Sligo promotes an environment where everyone is treated with dignity and respect, however students may experience sexual harassment and violence in their lives on or off campus.

Sexual harassment refers to any form of unwanted verbal, non-verbal or physical conduct of a sexual nature which has the purpose, or effect, of violating a person's dignity and creating an intimidating, hostile, degrading, humiliating or offensive environment for the person. It can take different forms which are often based on gender or sexual orientation and is a form of sexual violence. It includes:

- **sexist hostility – being treated differently because of your sex**
- **sexual hostility – repeatedly being told sexual stories or jokes**
- **harassments via electronic communications**
- **unwanted efforts to establish a sexual relationship despite efforts to discourage it**

Sexual violence occurs when there is non-consent and means any sexual act or attempt to obtain a sexual act by violence or coercion. Verbal pressure, intoxication or use of force are tactics used in perpetrating sexual violence.

Should you experience sexual harassment or violence, regardless of where it occurs, or by whom, we are there to support and help you. Your first point of contact in relation to a recent incident will be our Student Health Services [www.atu.ie/sligo-health-services](http://www.atu.ie/sligo-health-services)

Our Student Counselling Service [www.atu.ie/sligo-student-support-services-counselling](http://www.atu.ie/sligo-student-support-services-counselling) is there to support you in relation to any incident regardless of whether it is recent, or one that may date back many years. Contacts for both services is provided in the Directory of Supports and Services in the third section of this guide. Please also see the resources in this regard that are shared on our website [www.atu.ie/sligo-health-services-sexual-emotional-physical-abuse](http://www.atu.ie/sligo-health-services-sexual-emotional-physical-abuse)

Harassment or violence of any type, but specifically that of a sexual nature runs counter to the rights and values enshrined in ATU Student Code [www.atu.ie/sligo-documents-student-code](http://www.atu.ie/sligo-documents-student-code) and specifically “the right to study in an atmosphere free of harassment and intimidation and that promotes personal integrity and dignity” and is not accepted behaviour amongst the ATU Sligo community.

ATU Sligo recognises that for a variety of reasons you may not feel able to come forward about your experience of bullying, harassment, or sexual harassment and it is for this reason that ATU Sligo provides the “Speak Out” reporting tool. Using Speak Out allows you to anonymously report an incident without having to give your name or disclose personal details. In this way the college can receive information about incidents that are occurring at ATU Sligo that otherwise might not be brought to its attention. The information provided is a valuable source of feedback to ATU Sligo in ensuring an environment where everyone is treated with dignity and respect.

## Speak Out

In accordance with the Student Charter, ATU Sligo promotes an environment where everyone is treated with dignity and respect, is therefore committed to providing the “Speak Out” reporting tool. “Speak Out” is an online space to speak out against misconduct that students or staff have experienced or witnessed. The anonymous reporting tool provides an opportunity for students/ staff to anonymously report incidents (ongoing or past incidences) of bullying, harassment, discrimination, hate crimes, assault, sexual harassment, sexual assault, and rape that student/ staff have experienced or witnessed.

Using “Speak Out” allows you to report an incident without having to give your name or disclose personal details. A series of questions direct respondents to the relevant support services available both within and outside the college. Through “Speak Out” the ATU Sligo can receive information about incidents that are occurring within its community that otherwise might not be brought to its attention. The information provided is a valuable source of feedback as ATU Sligo in ensuring an environment where everyone is treated with dignity and respect and receives the support that is required. To anonymously report an incident please visit <https://its.speakout.ie/>
