

Opening a Bank Account

You may need to open an Irish bank account when you are studying at ATU Sligo. There are different banking options available to you including traditional banks or digital banks.

ATU Sligo does not endorse any bank. You should choose the bank account that meets your requirements.

The [Consumer Protection Commission](#) provides an impartial comparison of the student bank accounts offered by traditional banks.

How to open an bank account

To open a student bank account in Ireland, you will normally need the following documents:

- Proof of your identify
- Proof of your address in Ireland
- Proof that you are a registered student

Different banks will accept different types of documents as evidence of your identity, address and student registration. You should check on the bank website what documents they accept.

You may be able to open a bank account online or alternatively you may be required to visit the bank in person.
